Approved For Release 2004/10/08 : CIA-RDP67B00446R000100330054-6

CONFIDENTIAL

25X1 7. [redacted] Provided Laura Dean Hoskinson, Assistant to Senator Symington, a copy of the Agency letter to Dr. 25X1 [redacted] concerning the withdrawal of her application for employment. Miss Hoskinson thanked me very much and indicated that this would close their file.

25X1 8. [redacted] Ran into Jim Gehrig, Special Assistant to Senator Symington, who advised that the Senator was in Missouri when the Director briefed the Committee this week, but that he would want to bring himself up to date by review of the transcript on his return. I advised Mr. Gehrig that although he should go through the Committee on the Senator's behalf, we are holding the transcript for the Committee and that it would require a few minutes to get it into the city to the Senator should he call for it in a moment's notice. Jim thanked me for the advice and indicated that it might save a problem arising.

25X1 9. [redacted] Met briefly with Colonel Glenn Smith, Senate Preparedness Investigating Subcommittee, who indicated that it would be necessary to establish a date for briefing as soon as the Committee is organized. He also indicated that he had had some inquiries concerning updated information, which he hoped would be available to him for the members during this week. I advised him that we would check on the latter item and be back in touch with him tomorrow. 25X1

[redacted]

I also met with Margo Cohn, Assistant to Senator Kennedy, concerning correspondence received from Mrs. Lily E. Payne. Miss Cohn indicated that the Payne correspondence had been filed and that they intended no action on the matter.

25X1 11. [redacted] I was unable to meet with Mr. Sullivan or Mrs. Glenn of Senator Brewster's office concerning the planned visit of the Senator to the Agency for breakfast, but will meet with them possibly during the day tomorrow.
